

Why Choose Us?

You, the student, will strengthen your Spanish fluency while providing much needed income to enrich and improve the lives of the Guatemalan people.

Make a Difference!

The U.S. State Department estimates that 80% of the Guatemalan population lives in poverty. By participating in SpeakSpanishLive.com and becoming fluent in the Spanish language, you can make a difference in your own life by helping to save others.

Speak Spanish Live®
IGNITE YOUR PASSION.

How It Works

1. A high speed internet connection using DSL or a cable modem is required.
2. A webcam is recommended.
3. Purchase and plug in your headset for better audio quality.
4. Sign Up/Register for classes online at SpeakSpanishLive.com.
5. Use our automated tool to schedule classes with your private instructor from Antigua Guatemala.

No special software or downloads are needed to use SpeakSpanishLive.com.

If you have had Spanish training in the past and do not wish to start at Step 1 in our program, please e-mail info@speaks spanishlive.com to request a free placement questionnaire that will help us determine where you need to begin.

Live Video Conferencing via your Internet Browser

From the comfort of your home, we offer a unique method of learning Spanish through streaming video/audio conferencing with a native Spanish-speaking instructor. Our one-on-one instruction provides an immersion experience that cannot be matched by any computer program. The conversation and relationship that develops between a student and the instructor tremendously accelerates learning. SpeakSpanishLive.com has created an audio, visual and interactive environment that delivers a fun and effective path to learning Spanish.

Study Abroad Immersion Program

Take your Spanish to a new level of fluency by living with a native family and studying Spanish one-on-one with your same video instructor. This is an opportunity of a lifetime to gain the functional level of fluency in Spanish that you have always wanted. While there, time can be spent volunteering to build homes with Common Hope, working in the coffee fields with As Green As It Gets, hiking volcanoes, visiting lost Mayan worlds, or simply enjoying the beauty of Antigua.
